

2nd Chance 4 Pets 2022 Year In Review

2nd Chance 4 Pets continues to extend our programs for pet owners, animal welfare groups, and veterinarians. We're passionate about making the world a better place for animals and ensuring lifetime of care for pets.

Our animal welfare organizations are in crisis. A record number of animals are being abandoned and surrendered. Rescues and shelters are over capacity and overwhelmed. Shelters are holding pets in pop-up crates when they run out of kennels. Euthanasia rates are at an all-time high.

We are grateful to have the privilege to continue our work to educate pet owners about lifetime care options for their pets which results in preventing pets from being surrendered to shelters and reduces the number of pets euthanized.

Our programs have a profound impact - not only preventing unnecessary euthanasia of companion animals but also alleviating the pressure on animal shelters and rescue organizations. We are grateful for the privilege to continue to deliver resources to pet owners that provide *peace of mind*, ensuring that beloved animal companions will always have someone to care for them.
